

Elisabeth Guazzelli is Senior Researcher at the CNRS (The French National Center of Research). Her research interests are in the field of particulate multiphase flows, such as granular media and suspensions. She has led a very active and diversified research group at the IUSTI Laboratory of Aix-Marseille Université and CNRS, and has now moved to the MSC Laboratory of Université de Paris and CNRS. She is Rector of the International Center for Mechanical Sciences in Udine (Italy). Since 2005, she has been an Associate Editor of the Journal of Fluid Mechanics and is presently acting as the JFM Rapids Editor. She also served in the Editorial Committee of Annual Review of Fluid Mechanics from 2011 to 2015. Fellow of the American Physical Society since 2008 and of the European Mechanics Society (EUROMECH) since 2010, she is the recipient of the EUROMECH Fluid Mechanics Prize 2016.
